Pip Lewis CV

Summary

Since graduating from Reading University with a BA in Fine Art in 1984, Pip's working life has focussed on all aspects of the visual arts. A common thread linking all of her work is a desire to enable people to express themselves through art.

Pip's journey began with the creation of murals in hospitals working with Artscare and teaching on the Foundation course at Carmarthen College of Art. For more than ten years Pip worked as an Art Therapist with the Pembrokeshire and Derwen NHS Trust, working with people with mental health problems and latterly with people with learning disabilities.

Pip has exhibited regularly in solo and group shows in Pembrokeshire and Ireland over the last twenty-two years. Current work can be seen at the Druidston Hotel, Pembrokeshire Art and Framing and on her on-line gallery.

In 2007 Pip established spacetocreate community arts and is now a Director of the company, spacetocreate Ltd, working on a range of school and community arts projects with a wide range of partners.

Recent projects include
